Attendance: 94.68%

Angels trust

Thank you to the Angels trust for our donation of toys the school council decided where they would go with some being used at breakfast club and some in the outdoor classroom.

Family Activity Evening – Tuesday 8th July 5-7pm

We would like to invite families to join us for a family activity evening on Tuesday, 8th July 5 – 7pm. There will be a range of activities to take part in including archery, campfire cooking, a crate challenge, slack line and face painting. There will also be refreshments on the night.

This is a family event and children must be accompanied and supervised by an adult. If you would like to join us, please contact the office to book places.

Father's Day Breakfast

Thank you to all our dads who joined us for our Father's Day Breakfast. We had a great time!

Supporting Emotional Wellbeing Workshop

Vikki from the EWEL team will be leading a workshop on supporting your child's emotional regulation at 2pm on the 19th June at Woodland School. All parents and carers are welcome to join us for this session. There will be refreshments and the opportunity to ask any questions you might have.

Thank you and Goodbye

We are sharing the news that Mrs Eatough and Mrs Fergusson will be leaving at the end of the summer term.

Mrs Eatough is looking forward to retirement and Mrs Fergusson will be focussing on her family and the work she does supporting other parents.

We would like to thank them both for their hard work over the years and all they have done for the school. We wish them all the best in this next stage of their lives.

Learning Around the School

Blackbirds

Blackbirds love nature and are true 'outdoor explorers'. They had a brilliant time in our forest school learning about habitats, hunting for bugs and playing hide and seek.

Owls

This week in Owls we have been looking at the plants and trees that grow in the school grounds as part of this terms science.

Sparrows

This week Sparrows have started to learn about Italy. They used maps and atlases to find Italy on the map. They noticed it is a long piece of land shaped like a boot. They eased the atlases to find cities, mountain ranges and rivers. They presented their findings to the class.

Robins

We were joined by Hayden this week who came in to tell us about his career as a police officer and the route he took to get there.

In Science we have been investigating soluble and insoluble materials and how we can use filtration to separate some materials after they have been mixed.
