Covid

We currently have a large number of cases of Covid in school. Symptoms have included headache, temperature, sore throat and cough but also sleepiness and sickness. It would be helpful if your child has symptoms, if you could test them.

The current guidance for children is to avoid others for three days from the onset of symptoms but to continue to avoid others if they have a high temperature.

Thank you for your help in this.

Healthy Snacks

Just a reminder that we encourage children to bring a healthy snack for break time.
